Re: Recommendation Letter for Afton Bagley

Let me speak to two aspects of Afton's student career at Pasco High School (PHS) as I have observed them: first in relation to her academics and second as relates to her leadership.

Academics: This year (2021-2022), Afton took 6(A) PHYSICS - WAVES and got a grade of B+ 89%. Afton is a student with intellectual curiosity and academic grit. Afton asks good questions, and perseveres until she gets an answer. You will notice from her transcript that she has consistently taken challenging courses. I heartily recommend Afton for the next step in her education.

Leadership: During Afton's career at PHS, I have only seen positive interactions with her peers. Afton works well in teams sharing her ideas and listening carefully to the ideas of others. Afton is consistently respectful and patient with all those with whom she comes into contact. I have no reservations recommending Afton for a scholarship, field of study or academic pursuit. I have no doubt she will be a valuable contributor to any organization.

Sincerely,

Re: Recommendation Letter for Dianela Michel

Let me speak to two aspects of Dianela's student career at Pasco High School (PHS) as I have observed them: first in relation to her academics and second as relates to her leadership.

Academics: This year (2021-2022), Dianela took 6(A) PHYSICS-FORCES & MOTION and got a grade of A 97%. Dianela is a student with intellectual curiosity and academic grit. Dianela asks good questions, and perseveres until she gets an answer. You will notice from her transcript that she has consistently taken challenging courses. I heartily recommend Dianela for the next step in her education.

Leadership: During Dianela's career at PHS, I have only seen positive interactions with her peers. Dianela works well in teams sharing her ideas and listening carefully to the ideas of others. Dianela is consistently respectful and patient with all those with whom she comes into contact. I have no reservations recommending Dianela for a scholarship, field of study or academic pursuit. I have no doubt she will be a valuable contributor to any organization.

Sincerely,

Re: Recommendation Letter for Javier Aguilar

Let me speak to two aspects of Javier's student career at Pasco High School (PHS) as I have observed them: first in relation to his academics and second as relates to his leadership.

Academics: This year (2021-2022), Javier took 5(A) EARTH SCIENCE ASTRONOMY and got a grade of A- 92%. Javier is a student with intellectual curiosity and academic grit. Javier asks good questions, and perseveres until he gets an answer. You will notice from his transcript that he has consistently taken challenging courses. I heartily recommend Javier for the next step in his education.

Leadership: During Javier's career at PHS, I have only seen positive interactions with his peers. Javier works well in teams sharing his ideas and listening carefully to the ideas of others. Javier is consistently respectful and patient with all those with whom he comes into contact. I have no reservations recommending Javier for a scholarship, field of study or academic pursuit. I have no doubt he will be a valuable contributor to any organization.

Sincerely,

Re: Recommendation Letter for Marelene C Martinez Orozco

Let me speak to two aspects of Marelene's student career at Pasco High School (PHS) as I have observed them: first in relation to her academics and second as relates to her leadership.

Academics: This year (2021-2022), Marelene took 2(A) MICROSOFT OFFICE SPECIALIST 1 and got a grade of F 0%. Marelene is a student with intellectual curiosity and academic grit. Marelene asks good questions, and perseveres until she gets an answer. You will notice from her transcript that she has consistently taken challenging courses. I heartily recommend Marelene for the next step in her education.

Leadership: During Marelene's career at PHS, I have only seen positive interactions with her peers. Marelene works well in teams sharing her ideas and listening carefully to the ideas of others. Marelene is consistently respectful and patient with all those with whom she comes into contact. I have no reservations recommending Marelene for a scholarship, field of study or academic pursuit. I have no doubt she will be a valuable contributor to any organization.

Re: Recommendation Letter for Owen M Bergstrom

Let me speak to two aspects of Owen's student career at Pasco High School (PHS) as I have observed them: first in relation to his academics and second as relates to his leadership.

Academics: This year (2021-2022), Owen took 3(A) ACCELERATED PHYSICS and got a grade of A 97%. Owen is a student with intellectual curiosity and academic grit. Owen asks good questions, and perseveres until he gets an answer. You will notice from his transcript that he has consistently taken challenging courses. I heartily recommend Owen for the next step in his education.

Leadership: During Owen's career at PHS, I have only seen positive interactions with his peers. Owen works well in teams sharing his ideas and listening carefully to the ideas of others. Owen is consistently respectful and patient with all those with whom he comes into contact. I have no reservations recommending Owen for a scholarship, field of study or academic pursuit. I have no doubt he will be a valuable contributor to any organization.

Sincerely,

Re: Recommendation Letter for Wyatt W Edwards

Let me speak to two aspects of Wyatt's student career at Pasco High School (PHS) as I have observed them: first in relation to his academics and second as relates to his leadership.

Academics: This year (2021-2022), Wyatt took 6(A) PHYSICS-FORCES & MOTION and got a grade of B- 81%. Wyatt is a student with intellectual curiosity and academic grit. Wyatt asks good questions, and perseveres until he gets an answer. You will notice from his transcript that he has consistently taken challenging courses. I heartily recommend Wyatt for the next step in his education.

Leadership: During Wyatt's career at PHS, I have only seen positive interactions with his peers. Wyatt works well in teams sharing his ideas and listening carefully to the ideas of others. Wyatt is consistently respectful and patient with all those with whom he comes into contact. I have no reservations recommending Wyatt for a scholarship, field of study or academic pursuit. I have no doubt he will be a valuable contributor to any organization.

Sincerely,
