To Whom It May Concern:

Re: Recommendation Letter for America Yaritza Ferrales

Let me speak to two aspects of America's student career at Pasco High School (PHS) as I have observed them: first in relation to her academics and second as relates to her leadership.

Academics: This year (2021-2022), America took 5(A) EARTH SCIENCE ASTRONOMY and got a grade of A 94%. America is a student with intellectual curiosity and academic grit. America asks good questions, and perseveres until she gets an answer. You will notice from her transcript that she has consistently taken challenging courses. I heartily recommend America for the next step in her education.

Leadership: During America's career at PHS, I have only seen positive interactions with her peers. America works well in teams sharing her ideas and listening carefully to the ideas of others. America is consistently respectful and patient with all those with whom she comes into contact. I have no reservations recommending America for a scholarship, field of study or academic pursuit. I have no doubt she will be a valuable contributor to any organization.

Sincerely,
