

PACIFIC NORTHWEST NATIONAL
LABORATORY PRESENTS

High School Career Connections Expo

Pacific Northwest National Laboratory invites you to the virtual, 2022 High School Career Connections Expo. Open to all High School students, attendees can hear from top researchers, business professionals and current interns about their PNNL experience, respective career or pathway and culture. Students can also participate in an application workshop to learn about upcoming internship opportunities, and learn how to market themselves in an ever-changing job landscape. Register now and view the full agenda via the QR code below.
