To Whom It May Concern:

Re: Recommendation Letter for Afton Bagley

Let me speak to two aspects of Afton's student career at Pasco High School (PHS) as I have observed them: first in relation to her academics and second as relates to her leadership.

Academics: This year (2021-2022), Afton took 6(A) PHYSICS - WAVES and got a grade of B+ 89%. Afton is a student with intellectual curiosity and academic grit. Afton asks good questions, and perseveres until she gets an answer. You will notice from her transcript that she has consistently taken challenging courses. I heartily recommend Afton for the next step in her education.

Leadership: During Afton's career at PHS, I have only seen positive interactions with her peers. Afton works well in teams sharing her ideas and listening carefully to the ideas of others. Afton is consistently respectful and patient with all those with whom she comes into contact. I have no reservations recommending Afton for a scholarship, field of study or academic pursuit. I have no doubt she will be a valuable contributor to any organization.

Sincerely,

A handwritten signature in black ink that reads "John C. Weisenfeld".

John C. Weisenfeld

Teacher: Physics, Technology
