To Whom It May Concern:

Re: Recommendation Letter for Joaquin Isaac Sital

Let me speak to two aspects of Joaquin's student career at Pasco High School (PHS) as I have observed them: first in relation to his academics and second as relates to his leadership.

Academics: This year (2021-2022), Joaquin took 6(A) PHYSICS - WAVES and got a grade of A 93%. Joaquin is a student with intellectual curiosity and academic grit. Joaquin asks good questions, and perseveres until he gets an answer. You will notice from his transcript that he has consistently taken challenging courses. I heartily recommend Joaquin for the next step in his education.

Leadership: During Joaquin's career at PHS, I have only seen positive interactions with his peers. Joaquin works well in teams sharing his ideas and listening carefully to the ideas of others. Joaquin is consistently respectful and patient with all those with whom he comes into contact. I have no reservations recommending Joaquin for a scholarship, field of study or academic pursuit. I have no doubt he will be a valuable contributor to any organization.

Sincerely,
